

SAVE OUR TRANSIT!

NO CUTS!

NO HIKES!

**RALLY AT THE CAPITOL
TUESDAY MAY 16, 6PM**

The Minnesota Legislature has proposed deep cuts to Metro Transit bus and light rail funding. If these cuts are passed, riders in our community will suffer with fare increases and service cuts. Some routes will run less often or have shorter hours. Other routes could be gone entirely.

These potentially drastic cuts would have a devastating impact on the elderly, low-income workers, communities of color, people with disabilities, and everyone who depends on transit to get around.

Call the Governor at 651-201-3400 & tell him to support funding for transit!
